## CONFLICT RESOLUTION TRAINING COURSE COURSE OUTLINE

### FOREWORD

Conflict is the result of people having differing needs, opinions, expectations and often completely different perspectives. The reality of conflict is that in any human relationship it is inevitable, but if handled well, conflict can provide a powerful avenue for significant growth.

Conflict resolution involves recognising and managing the particular conflict. This is an essential part of nurturing your relationships. Poorly handled conflict can affect both the employees and the clients, thereby impacting the company's bottom-line. To maintain your competitive advantage, you need the entire organisation to focus on developing conflict resolution strategies to quickly and effectively resolve conflict, while building trust and commitment with clients and colleagues.
