Microsoft
Office 365
Powerpoint Essentials

COURSE LENGTH: 1.0 DAYS

In this half-day, Microsoft Office 365 PowerPoint Essentials training course, participants will learn the basics of this new cloud-based, presentation web application that provides all of the traditional capabilities of PowerPoint, as well as the ability to share documents with ease. Team collaboration becomes simple, as more than one user can edit a presentation at the same time!

Presentations can be accessed anywhere, eliminating the need to bring a copy on presentation day. One of PD Training's specialised trainers will teach you or your employees the basics of working with this new web-based interface, with basic skills taught like creating presentations, editing slides and notes, printing handouts and much more. Exciting advanced features, such as broadcasting presentations via the web, will also be taught in this course.

This hands-on training workshop is available now throughout Australia including Brisbane, Sydney, Melbourne, Adelaide, Canberra, Parramatta and Perth.

MICROSOFT OFFICE 365 POWERPOINT ESSENTIALS TRAINING COURSE OUTLINE

FOREWORD

Microsoft Office 365 PowerPoint cloud-based presentations can be accessed anywhere with internet access, eliminating the need for you to bring a copy on presentation day. The cloud-based solution also allows easy collaboration among team members in different offices or countries.

One of PD Training's specialised trainers will teach your staff the basics of working with this new web-based interface, as well as get you comfortable with the standard basics of creating presentations, slides and notes. Exciting advanced features, such as broadcasting presentations via the web will also be taught.

With Office 365 PowerPoint, you (or any of your viewers) can access your presentations anywhere online. You can even make a few basic changes right on the same website where your presentation is hosted.

OUTCOMES

In this course, participants will:

- Learn the basics of sharing documents with collaborators
- Understand how to proficiently use the interface of this new web application presentation software
- Master workflow efficiency using Pop Out Windows, Outlines, and printing from the Reading View without opening the file
- Understand the work modes offered, including editing in the browser and opening in PowerPoint
- Discover advanced capabilities, such as broadcasting presentations via the web
- Become proficient at managing slides, including hiding slides, organising slides, and changing slide types
- Improve the preparation process of their presentation with Notes
- Learn all of the basics of the traditional out-of-the-box PowerPoint software, including formatting text, adding lists, revising alignment, and inserting images
