PROBLEM SOLVING AND DECISION MAKING TRAINING COURSE OUTLINE

FOREWORD

Correct and timely decision-making can be done using specific techniques and enhanced knowledge of the self and situations. During this Decision Making Training Course, participants receive training in applying problem solving techniques to help decision making, identify appropriate solutions, use creativity, evaluate situations and people, predict outcomes and more.

Having a process to work through can take the anxiety out of problem-solving and make decision-making easier. By using best practice techniques you can learn to be more effective when problems arise and be more efficient when solving those issues.

OUTCOMES

After completing this course, participants will have learned to:

- Apply problem-solving steps and tools
 - Analyse information to clearly describe problems
 - Identify appropriate solutions
 - Think creatively and be a contributing member of a problem-solving team
