STRESS MANAGEMENT TRAINING COURSE OUTLINE

FOREWORD

Positive and negative stress is a constant influence on all of our lives. The trick is to maximise the positive stress and to minimise the negative stress. This workshop will give participants a three-option method for addressing any stressful situation, as well as providing a toolbox of personal skills, including using routines, relaxation techniques and using a stress log system.

Stress has many forms, some of which are difficult to cope with without knowing certain techniques taught in this course. Learn how to put into place a number of mechanisms designed to help you better manage stressful situations, while also allowing you to take advantage of the "eustress" or positive stress in your life.
