OFFICE UPGRADE 2010 COURSE OUTLINE

FOREWORD

This Upgrade to Microsoft Office 2010 training course running in Sydney, Brisbane, Adelaide, Canberra, Melbourne and Perth, covers those features of Microsoft Office 2010 that are new to the Office system, with dedicated units for the new features of each application.

In Word, participants will learn to use the Navigation pane and apply new text effects.

In Excel they will use sparklines, filter data with slicers, and create a PivotChart.

In PowerPoint they will organise slides into sections, edit movie clips, apply animation effects, and learn how to broadcast slide shows.

In Outlook they will manage e-mail conversations, create Quick Steps, and use the People Pane.

In Access, they will learn how to use the tabbed document window, create Lookup list fields, and use the data type gallery.

In addition, participants will learn about ribbon customisation and Backstage view, and save a file as a PDF.
